

Based in Berlin, Plinga GmbH is Europe's largest publisher of 30 currently published games over 20 different social networks. Our 80 employees look after over 35 million active players in an ever-increasing market. We work together with well-known development studios in order to be able to offer a high-quality gaming experience. To support our team we are looking for a:

Trainee (f/m) for PHP-development

What will you do?

- You assist the integration of new games into social networks.
- Actively maintain the technical support and development of already released games.
- You also participate in the improvement of our back-end functionalities.

What qualities do you have?

- Successfully completed your studies in a technical field or are currently studying this field.
- A fundamental understanding of object-oriented coding languages such as Java or C++. Any experience with Linux is also beneficial.
- Excellent HTML, CSS, PHP and MySQL skills.
- Good English skills
- A person who shares our passion for games and ideally you are already experienced the development of online games
- A reliable, thorough and independent worker.
- A good team player, able to withstand stress and very flexible.

What can we offer you?

- Flat hierarchies and a large amount of individual responsibility.
- Flexible working hours, a pleasant working environment and an attractive salary.
- You will work in the most attractive area of the New Economy, on the cutting edge of games and social media.
- You will form part of a successful and rapidly-expanding start-up company in the heart of Berlin.
- You will be integrated in a dedicated international team.

We look forward to receiving your online application in German or English, which should include your CV, relevant certificates and your earliest possible starting date!

You're Plinga Team!
